ClassGit AI Project Summarizer cum Manager

ClassGit is a web platform where teachers assign projects to classes with set review stages and marks. Students can form teams, link GitHub repositories, and submit progress for each review. An AI checker powered by Gemini helps teachers grade specific parts like the backend.

Tech Stack:

- Frontend: React
- Database: PostgreSQL
- Authentication: JWT
- Backend: Node.js
- AI Integration: Gemini
- GitHub Integration: GitHub API

Let's Buddy Up

Let's Buddy Up is a student platform that bridges the gap between seniors and juniors by allowing juniors to connect with and "hire" seniors for help with learning, mentorship, or problem-solving. It also includes features like language exchange, live study rooms, and a student marketplace for buying/selling items like books, laptops, and clothes.

Tech Stack:

- Frontend: React
- Backend: Node.js
- Database: PostgreSQL
- Real-time Features: Socket.io
- Authentication: JWT
- File Storage: Firebase
